

# CODE 3®

MR6-B with flush mount (included)

MR6MC-RBW

## Low-Profile, Multipurpose Light

### MR6

#### Benefits

- Allows for virtually unlimited mounting possibilities with surface, flush, or hood mount
- Delivers exceptional straight on and off-angle performance with either its total internal reflector (TIR) or linear optic technology

#### Design Features

- Multiple mounting solutions that eliminate the need for separate parts for surface, hood, and flush mounting
- Single or split color models have TIR optic LEDs
- Multicolor and tricolor models have linear optic LEDs
- 6 LED single color featuring 29 flash patterns
- 12 LED multicolor featuring 69 flash patterns
- 18 LED tricolor featuring 24 flash patterns per color mode configuration
- Syncs with Code 3's Chase™, MR6, and M180™ exterior lights
- Water resistant
- Multiple flash patterns with phase 1 and phase 2 syncing capabilities

#### Specifications

- 0.9" H x 4.5" W x 0.75" D (23 x 114 x 19 mm)
- 12/24VDC
- 0.8 max amperage draw
- 9 average watts
- SAE J595, California Title 13, ECE 65 and IP67
- 5-year warranty
